New Source Review newspaper advertisements for construction permit applications, February 5, 2003. The following public notices have been published in the newspapers listed below each advertisement. These newspaper advertisements for construction permit applications were published on one of the following dates: February 3, February 4, or February 5, 2004. Public notices are generally published every two weeks. The previous publication of public notices was January 20 - 22, 2004.

PUBLIC NOTICE

The Tennessee Division of Air Pollution Control (TDAPC) has received requests for construction of air contaminant sources as noted below. The proposed construction is subject to part 1200-3-9-.01(1)(h) of the Tennessee Air Pollution Control Regulations, which requires a public notification and 30-day public comment period. Interested parties may express their comments and concerns in writing to Mr. Barry R. Stephens, Director, Division of Air Pollution Control, 9th Floor, L & C Annex, 401 Church Street, Nashville, Tennessee 37243-1531 within thirty (30) days of the date of this notice. Questions concerning a source may be addressed to the assigned Division personnel at the same address or by calling 615-532-0554.

Individuals with disabilities who wish to participate should contact the Tennessee Department of Environment and Conservation to discuss any auxiliary aids or services needed to facilitate such participation. Such contact may be in person, by writing, telephone, or other means, and should be made no less than ten days prior to the end of the public comment period to allow time to provide such aid or services. Contact the Tennessee Department of Environment and Conservation ADA Coordinator, 12th Floor, 401 Church Street, Nashville, TN 37243, 1-866-253-5827. Hearing impaired callers may use the Tennessee Relay Service, 1-(800)-848-0298.

The applicant is <u>Vulcan Construction Materials</u>, <u>L. P.</u> with a mailing address of <u>P. O. Box 7, Knoxville, TN 37901</u>. They seek to obtain an air contaminant permit (Division identification number: <u>15-0085-02/57036</u>) for construction of a <u>Diesel-powered Electric Generator</u> at <u>Morrell Springs Road, Newport, TN 37821</u>. This proposed operation would consist of a 1,015 hp internal combustion engine used to supply power for an existing rock crushing facility. Because of the amount and type of emissions, the use of pollution control equipment is not proposed. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. T. Blake is the assigned Division person.

For the Cocke County "Newport Plain Talk"--published once on or before Thursday, February 5, 2004.

The applicant is <u>Vulcan Construction Materials</u>, <u>L. P.</u> with a mailing address of <u>P. O. Box 7, Knoxville, TN 37901</u>. They seek to obtain an air contaminant permit (Division identification number: <u>32-0088-03/57034</u>) for construction of a <u>Diesel-powered Electric Generator</u> at <u>4375 McClister Road</u>, <u>Morristown</u>, <u>TN 37814</u>. This proposed operation would consist of a 1,985 hp internal combustion engine used to supply power to an existing rock crushing facility. Because of the amount and type of emissions, the use of pollution control equipment is not proposed. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. T. Blake is the assigned Division person.

For the Hamblen County "Citizen Tribune"--published once on or before Thursday, February 5, 2004.

The applicant is <u>Bowater Newsprint</u> with a mailing address of <u>5020 Highway 11</u>, <u>Calhoun, TN 37309</u>. They seek to obtain an air contaminant permit (Division identification number: <u>54-0012-35/56871</u>) for modification of a

Recycle Paper Mill located at 5020 Highway 11, Calhoun, TN 37309. This existing operation consists of recycle paper pulp production through several unit operations/process steps. The proposed modification consists of the upgrading of screen, flotation cells, washer (thickener), rejects cyclone, and rejects through unit operations/process steps, and the retirement of acid addition, flotation cells, cleaners, washers, presses, rejects cyclone, and rejects through unit operations/process steps. Because of the amount and type of emissions, the use of pollution control equipment is not proposed. There would be physical construction. Regulated air contaminants are emitted by this source. Mr. H. Flores is the assigned Division person.

For the McMinn County "Daily Post-Athenian"--published once on or before Thursday, February 5, 2004.

The applicant is <u>SPX Contech/Metal Forge Company</u> with a mailing address of <u>901 Alfred Thun Road, Clarksville, TN 37041</u>. They seek to obtain an air contaminant permit (Division identification number: <u>63-0164-02/56907</u>) for construction of a <u>Die-Casting Operation</u> at <u>the same address</u>. This proposed operation would consist of a natural gas-fired melting furnace and three cold chamber die-cast machines for an aluminum die-casting operation. Because of the amount and type of emissions, the use of pollution control equipment is not proposed. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. S. Kusumanchi is the assigned Division person.

For the Montgomery County "Leaf Chronicle"--published once on or before Thursday, February 5, 2004.

The applicant is <u>King Pharmaceuticals</u>, <u>Inc.</u> with a mailing address of <u>501 Fifth Street</u>, <u>Bristol</u>, <u>TN 37620</u>. They seek to obtain an air contaminant permit (Division identification number: <u>82-0052-04/56975</u>) for construction of an <u>Incinerator</u> at <u>501 Fifth Street</u>, <u>Bristol</u>, <u>TN 37620</u>. This proposed operation would consist of an incinerator fired by natural gas and used to burn combustible non-hazardous solid waste. Because of the amount and type of emissions, the use of pollution control equipment is not proposed. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. S. Simpson is the assigned Division person.

For the Sullivan County "Bristol Herald Courier"--published once on or before Thursday, February 5, 2004.

The applicant is <u>Lehman-Roberts Company</u> with a mailing address of <u>1111 Wilson Street</u>, <u>Memphis</u>, <u>TN 38101</u>. They seek to obtain an air contaminant permit (Division identification number: <u>84-0097-01/56982</u>) for construction of a <u>Hot Mix Asphalt Plant</u> at <u>Highway 59</u>, <u>Covington</u>, <u>TN 38019</u>. This proposed operation would consist of a burner to dry aggregate and a hot oil heater. Natural gas, number 2 fuel oil, and heavy fuel oil would be used for fuel. A baghouse would be used for pollution control. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. J. Attar is the assigned Division person.

For the Tipton County "Covington Leader"--published once on or before Thursday, February 5, 2004.
